REPORT ON INTERNAL CONTROL

DECEMBER 31, 2006

Lilling & Company LLP

Certified Public Accountants

INDEPENDENT AUDITORS' REPORT

To the Members Chardan Capital Markets LLC New York, New York

We have audited the accompanying statement of financial condition of Chardan Capital Markets LLC as of December 31, 2006 and the related statements of operations, changes in members' equity and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Chardan Capital Markets LLC as of December 31, 2006 and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. This schedule is the responsibility of the Company's management. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2006

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization

Chardan Capital Markets LLC (the "Company") is organized to be active in various aspects of the securities industry and is registered to be a broker-dealer with the National Association of Securities Dealers and the Securities and Exchange Commission. The Company is a non-clearing broker and does not handle any customer funds or securities. There were no liabilities subordinated to claims of general creditors during the year ended December 31, 2006. The Company is located in New York City.

Computer Equipment and Software

Computer Equipment and Software are recorded at cost. Depreciation is recorded on accelerated methods over the estimated useful life of the related assets, three to five years.

Intangible Assets

Intangible assets are recorded at cost. Amortization is recorded on straight methods over the estimated useful life of the related assets, three to five years.

Income Taxes

The Company is organized as a limited liability company and is recognized as a partnership for income tax purposes. No provision has been made for federal and state income taxes, since these taxes are the personal responsibility of the members. The Company is subject to New York City unincorporated business taxes.

Securities Transactions and Commissions

Securities transactions are recorded on a trade date basis. Commissions, trading activity and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

Securities owned and securities sold, but not yet purchased are recorded at current market value. Securities not readily marketable are valued at fair value as determined by management, which approximates estimated realizable value. Securities not readily marketable include investment securities that cannot be offered or sold because of restrictions or conditions applicable to the securities or to the Company.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2006

Investment Banking/Fee Income

Investment banking revenues include gains, losses, and fees, net of syndicate expenses, arising from securities offerings in which the Company acts as an underwriter or agent. Investment banking revenues also include fees earned from providing merger-acquisition and financial restructuring advisory services. Investment banking fees are recorded on offering date, sales concessions on settlement date, and underwriting fees at the time the underwriting is completed and the income is reasonably determinable.

Allocation of Profits and Losses

Chardan Securities LLC ("Chardan") owns 100% of the outstanding Class A membership interest of the Company. Profits and losses are allocated 99% to the capital accounts of the Class A members and 1% to the capital accounts of Class B members.

Significant Credit Risk and Estimates

The Company's clearing and execution agreement provides that Jefferies & Company Inc.'s ("Jefferies") credit losses relating to unsecured margin accounts receivable of the Company's customers are charged back to the Company.

In accordance with industry practice, Jefferies records customer transactions on a settlement date basis, which is generally three business days after the trade date. Jefferies is therefore exposed to risk of loss on these transactions in the event of the customer's inability to meet the terms of its contracts, in which case Jefferies may have to purchase or sell the underlying financial instruments at prevailing market prices in order to satisfy its customer-related obligations. Any loss incurred by Jefferies is charged back to the Company.

The Company, in conjunction with Jefferies, controls off-balance sheet risk by monitoring the market value and marking securities to market on a daily basis and by requiring adjustments of collateral levels. Jefferies establishes margin requirements and overall credit limits for such activities and monitors compliance with the applicable limits and industry regulations on a daily basis.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management of the Company to use estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2006

2. COMPUTER EQUIPMENT AND SOFTWARE

Computer equipment and software consist of the following:

Computer equipment	\$313,408
Computer software	4,759
	318,167
Accumulated depreciation	146,870
	\$171,297

Depreciation expense was \$42,435 for the year ended December 31, 2006.

3. INTANGIBLE ASSETS

Intangible assets consist of the following:

\$20,303
4,343 \$15,960

Amortization expense was \$4,276 for the year ended December 31, 2006.

4. SECURITIES OWNED

Marketable securities owned consist of trading securities in U.S. public entities of \$383,743 at quoted market value.

Restricted securities owned consist of securities in U.S. public entities of \$390,631 at estimated market value.

5. COMMITMENTS AND CONTINGENCIES

Lease

The Company entered into a lease for office space, which was amended and expires on July 31, 2019 and calls for monthly payments and specified escalations. Included in operations for 2006 is rent expense of approximately \$154,000.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2006

Future minimum lease payments are approximately as follows:

2007	\$ 243,000
2008	243,000
2009	253,000
2010	256,000
2011	256,000
2012 thereafter	406,000
	\$ <u>1,657,000</u>

Letter Of Credit

The Company was issued letter of credit of approximately \$75,000 for the rent security deposit required for the office lease. The letter of credit is secured by a money market account, which is restricted and included in other assets.

6. CREDIT LINE PAYABLE

The Company obtained a line of credit of \$50,000 from JP Morgan Chase Bank. The line of credit calls for monthly principal payments of approximately \$800 plus interest. The interest rate is 3% over the prime rate, which totaled 8.25% at December 31, 2006. Annual principal payments are approximately \$9,800 due in 2007 and \$7,353 due in 2008.

7. COMPUTATION FOR DETERMINATION OF RESERVE REQUIREMENTS FOR BROKERS AND DEALERS PURSUANT TO RULE 15c3-3

The Company is exempt from the provisions of Rule 15c3-3 under the Securities Exchange Act of 1934, in that the Company's activities are limited to those set forth in the conditions for exemption appearing in paragraph (k) (2) (ii) of the Rule.

8. NET CAPITAL REQUIREMENT

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1.) At December 31, 2006, the Company had net capital of \$488,442, which was \$329,442 in excess of its required net capital of \$159,000. The Company had a percentage of aggregate indebtedness to net capital of 239% as of December 31, 2006.

SUPPLEMENTARY INFORMATION PURSUANT TO RULE 17a-5 of the SECURITIES EXCHANGE ACT OF 1934

Lilling & Company LLP

Certified Public Accountants

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5 FOR A BROKER-DEALER CLAIMING AN EXEMPTION FROM SEC RULE 15c3-3

To the Members Chardan Capital Markets LLC New York, New York

In planning and performing our audit of the financial statements and supplemental schedule of Chardan Capital Markets LLC (the Company), for the year ended December 31, 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
- 2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
- 3. Obtaining and maintaining physical possession or control of all fully paid and excess margins securities of customer as required by Rule 15c3-3

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted the following matter involving the internal control environment that we consider to be a material weakness as defined above. This condition was considered in determining the nature, timing and extent of the procedures to be performed in our audit of the financial statements of Chardan Capital Markets LLC for the year ended December 31, 2006, and this report does not affect our report thereon dated February 15, 2007.

The size of the business and resultant limited number of employees imposes practical limitations on the effectiveness of those internal control procedures that depend on the segregation of duties. Since this condition is inherent in the size of the Company, the specific weaknesses are not described herein and no corrective action has been taken or proposed by the Company.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2006, to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC, the NASD, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers is not intended to be and should not be used by anyone other than these specified parties.
